

Item	Description
Model	Y04
Name	Stone Panel
Overall size - mm	2800*1220*9
Cover area - mm	2800*1220
Per piece weight – kg	20.2
Per carton quantity	4
Carton size - mm	2820*1250*50
Carton weight - kg	83
Asbestos present	No
Water resistance	Yes

Product cross section

Product colour

Finished layer –

PVC (Polyvinyl chloride), this layer and substrate is bonded by adhesive through hot pressing equipment during production.

Both side white layers -

ABS (Acrylonitrile Butadiene), offers a good balance of impact, heat, chemical and abrasion resistance.

Substrate –

Carbon crystal, the combination of carbon fibre, integrated with nanotechnology, transforming carbon into nanometre form.
